

Locations for taking pictures

There are tons of places we can shoot, I have listed a few of my favorites here.

Harrison Hills Park – Natrona Heights – There are several places in the park, the Overlook, the Environmental Center, the bridge down in the woods.

Freeport – The gazebo down by the river, 2 railroad trestles – one is concrete with cool arches, the other is rusted posts giving it a very graffiti like look, and back the road to unused railroad tracks.

Freeport Park – Laube Hall has great views, there are walking trail areas and the pavilion, a sandstone look.

Concordia Nursing Home – Cabot – There is a pond with a walking trail and a covered bridge behind the buildings. There is also a ballfield and a large gazebo on the property.

Emmerling Park - Harmar off 910 – There is a creek here that is shallow enough to get in for pictures, a bridge and an old brick house. It is a walk to get to all the areas, but an easy walk.

Hartwood Acres – The mansion, if you are willing to hike, the barn and fencing. I will not shoot here on the weekends though unless it is early morning. They now rent it for weddings and most of the mansion is blocked off on the weekends.

Succop Park – Rt 8 towards Butler. This is also a wedding venue, so is best on Sundays or early morning if you need a weekend shoot. There is an older house, ponds, fencing and a newer looking barn.

Northmoreland Park – Allegheny Twp – There are walking paths that are good for pictures, the lake, a bridge, I also use the maintenance building since it is cool looking and there are some nice fields depending on the time of year.

Tarentum and Brackenridge Parks – Mostly trees and fencing, but the Veterans Memorial (the Castle) is down there also.

Mellon Park – Additional \$25 fee - This is in Oakland and has a fountain, lots of flowers depending on when we go, a cement wall, benches, wrought iron fences, some tree areas. Another venue that is rented out and is very busy with other photographers so weekends have to be done early in the morning.

I will travel to Pittsburgh, but there is an additional \$50 added to the session fee.

I will also go to any school athletic fields for sports/band pictures in addition to wherever you choose to take the pictures.

And of course, if you have property you would like to use I am happy to go to other places!
